# **VISION**

To be a world class and leading organization continuously providing high quality textile products.

# **MISSION**

To be a model diversified textile organization exceeding expectations of all takeholders. We will achieve this by utilizing best blend of state-of-the-art technologies, excellent business processes, high performing people, and synergetic organizational culture.

# **CORE VALUES**

- Our success will not be a matter of chance but of commitment to the following enduring beliefs and values that are engrained in the way we think and take actions to pursue a climate of excellence:
- Integrity & Ethics: Integrity, honesty and high ethical, legal & safe standards are corner stones of our business practices.
- Quality: We pursue quality as a way of life. It is an attitude that affects everything we do for
  relentless pursuit of excellence. Our aim is to achieve and sustain good reputation in both
  domestic and international market by manufacturing quality fabric with organized training
  and implementation of quality system as per our valued customers needs to ensure the
  achievement of our aim.
- Social Responsibility: We believe in respect for the community and preserving the environment for our future generations and keeping National interests paramount in all our action.
- **Learning & Innovations:** We embrace lifelong learning and innovation as an essential catalyst for our future success. We believe in continuous improvement and to seize opportunities inherent in change to shape the future.
- Team Work: We believe that competent and satisfied people are the company's heart, muscle and soul. We savors flashes of genius in organization's life by reinforcing attitude of teamwork and knowledge sharing based on mutual respect, trust and openness.
- **Empowerment**: We flourish under and ecosystem of shared understanding founded on the concept of empowerment, accountability and open communication in all directions.

# STRATEGIC PLAN

To achieve the above objectives, the Company has made strategic plans to enhance and upgrade its installed capacity to maintain and expand its market. Further plans are to excel in social responsibilities by implementing related projects and community developments.

- X. Shareholders can also exercise their right of E-voting subject to the requirement of Section 143-145 of the Companies Act 2017 and the applicable clauses of the Companies (Postal Ballot) Regulations 2018.
- XI. Pursuant to the provisions of Income Tax Ordinance, 2001, deduction of income Tax from dividend payment shall be made on basis of filer and non-filers.
- XII. No gifts will be distributed at the meeting.

## STATEMENT UNDER SECTION 166(3) OF THE COMPANIES ACT, 2017

The remuneration of the Chief Executive Officer and one (1) full time working Director need to be revised keeping in view high cost of living. The necessary resolution in this context shall be passed in the meeting accordingly.

# Chairman's Review

In the Name of ALLAH, the Most Beneficent, the Merciful

# **Dear Shareholders**

It is my privilege to present the Chairman's Review for the financial year 2024-25. This year has been one of resilience, adaptability and measured growth in the face of a dynamic and often unpredictable operating environment.

During the year, the global economy grappled with a notable slowdown amid trade tensions, tighter monetary policies and weaker consumer demand in key markets. US retail consumption was dampened by inflationary pressures, particularly in the first half of the year, while international competition from regional exporters intensified. In this challenging environment, Pakistan's economy showed signs of stabilization yet remained fragile. GDP growth reached ~2.7%, inflation came down sharply - from hyperinflation in prior years to a multidecade low of 4.7% - aided by tight monetary policy, stable exchange rate and improved commodity supplies.

The textile sector, however, continued to face significant challenges. High energy tariffs, rising labor costs and disruptions in raw material supply due to below average cotton output continued to create pressure. Although, inflation eased significantly and the exchange rate stabilized, tight liquidity conditions and elevated financing costs constrained working capital for exporters.

Against this backdrop, the Company's export revenues experienced downward pressure, particularly in the first two quarters. However, recovery in the latter part of the year, coupled with proactive cost management, enabled the Company to conclude the year with resilient performance. We focused on strengthening operational efficiencies, optimizing procurement and maintaining customer relationships to safeguard long term sustainability. At AHTML, we recognize the importance of stability and continuity as the Company's fundamentals continue to be enhanced with sustainable investments underpinning our cost competitiveness, while diligently delivering on UNSDGs as part of our sustainability commitments.

Our employees' resilience has been the backbone of our operations during these testing times. We continued to invest in skills development, workplace safety and community initiatives, while maintaining our compliance with international labor and ethical sourcing standards.

Looking ahead, the near-term outlook remains cautious. While US demand is expected to stabilize and global buyers are showing renewed interest in sustainable sourcing from Pakistan, headwinds such as competitive pricing pressures and volatile commodity markets will persist. The Company's strategy will remain centered on deepening customer relationships, diversifying markets, investing in innovation and pursuing operational excellence to restore growth momentum and unlock long term opportunities.

On behalf of the Board of Directors, I extend my sincere gratitude to our shareholders for their unwavering trust, to our dedicated employees for their commitment and to our valued customers and partners for their continued confidence in the Company. Together, we will continue to meet challenges with determination and build a stronger and more sustainable future.

SALMA JAVED OCTOBER 06, 2025 MULTAN

# Directors' Report

In the Name of Allah, the Most Beneficent, the Merciful

#### **Dear Shareholders**

Directors of Ahmad Hassan Textile Mills Limited ("the Company") are pleased to present 36th annual report of the Company along with the financial statements and auditors' report thereon..

# **PAKISTAN ECONOMY**

Pakistan's economy in 2025 is showing signs of sustained recovery, with an estimated GDP growth of 2.68% to 2.7% for FY-2025, driven by macroeconomic stability from IMF Extended Fund Facility reforms and a more stable macroeconomic environment. However, growth is being challenged by adverse weather conditions affecting agriculture, which experienced low growth, and a reduction in large-scale manufacturing output. Positive developments include strong corporate earnings, declining interest rates, increased investor confidence in the stock market, and a move from a current account deficit to a surplus.

## **SUMMARIZED FINANCIAL RESULTS:**

| Particulars             | 2025 (Rupees) | 2024 (Rupees) |
|-------------------------|---------------|---------------|
| Sales-Net               | 5,626,431,525 | 5,078,314,652 |
| Gross Profit            | 429,756,518   | 306,629,514   |
| Distribution cost       | 26,073,994    | 33,025,307    |
| Administrative expenses | 84,069,446    | 75,495,970    |
| Finance cost            | 161,365,087   | 132,396,691   |
| Profit before Taxation  | 149,191,278   | 101,331,320   |
| Profit after Taxation   | 94,197,757    | 40,660,828    |
| G. P. Ratio             | 7.61%         | 6.04%         |
| Profit before tax ratio | 2.65%         | 2.00%         |
| Profit after tax ratio  | 1.67%         | 0.80%         |
| EPS                     | 11.12         | 4.80          |

During the year under review, financial performance of the Company remained quite satisfactory. Sales revenue of the Company increased by 11%; gross profit margin ratio increased from 6.04% to 7.64%. In the same line, net profit margin before & after tax recorded to 2.65% and 1.67% respectively in current year as compared to 2.00% & 0.80% respectively in preceding year. Distribution cost decreased majorly due to decrease of export sales whereas administrative expense slightly increased due to inflation. Finance cost mainly increased due to more utilization of credit facilities owing to increase of credit period of fabric in the market. Earnings per share stood at Rs.11.12 in current financial year as compared to Rs. 4.80 recorded in the preceding year.

### **BOARD COMPOSITION:**

After election of Directors during the year, the total number of directors are seven (7) as per the following-

a. Male: Five b. Female: Two

|                               | Mr. Ali Kamal           |  |
|-------------------------------|-------------------------|--|
| i. Independent Directors      | Mr. Nazir Ahmad Khan    |  |
|                               | Mrs. Salma Javed        |  |
| ii. Non - executive Directors | Mrs. Bushra Ali         |  |
|                               | Mr. Haseeb Haris Mughal |  |
| iii. Executive Director       | Mr. Muhammad Haris      |  |
|                               | Mr. Mian Muhammad Javed |  |

| Mr. Ali Kamal              | 4                | -                             | -                              |
| Mr. Nazir Ahmad Khan       | 4                | 4                             | 2                              |

# **DIRECTORS TRAINING PROGRAM**

Three directors of the Company are exempted from the Directors Training Program on the basis of their level of education and length of experience as provided in the CCG.

### INTERNAL CONTROL SYSTEM

An internal control system is designed to provide reasonable assurance that the Company ensures compliance of policies, laws, efficient use of its resources and to provide information to right persons on timely manner. Your management is much focused to comply with all applicable standards and regulations and such compliance are regularly monitored. Further, any non-compliance is timely reported and corrections are made when requires.

# CORPORATE SOCIAL RESPONSIBILITIES AND ENVIRONMENTAL CARE

AHTML believes that safe, healthy and comfortable environmental conditions are backbone for quality production. We

are also committed to Corporate Social Responsibilities and integrating sound social practices in our day to day business activities. We measure our success not only in terms of financial criteria but also in building customer satisfaction and supporting the communities we have.

Therefore, As a traditional norm, we are continuously providing quality food to our staff at subsidize rates, free medical camps are organized for employees and native populations, Scholarships are provided to talented children of the staff and special events are organized like sports tournaments, aftari and tree plantation campaign etc. for the betterment of the staff and nation as well.

## **FUTURE OUTLOOK**

Country's high public debt, high interest to revenue ratios, and low interest reserve coverage leave the economy vulnerable to increases in global interest rates and high global energy prices. Such shocks could lead to capital outflows, currency depreciation, and a credit crunch that threatens the government's ability to refinance maturing government debt. Moreover, the trade outlook faces several risks, including weaker global demand as a result of recent tariffs and geopolitical tensions. The situation is expected to remain challenging for the textile industry at large and for the Company as well.

Pakistan's textile exports in FY2025 reached USD 17.887 billion, a 7.39% increase from the previous year. Key contributors to this growth included:

- 13.68% rise in knitwear exports to \$5.01 billion
- 11.07% increase in bed wear exports to \$3.11 billion.
- Ready-made garments also saw a substantial 15.85% surge to \$4.13 billion.

While value-added segments showed strong performance, traditional categories like cotton cloth and cotton yarn experienced declines:

- Cotton cloth exports decreased by 3.05% to USD 1.81 billion.
- Cotton yarn exports plummeted by 28.76% to USD 680.7 million.

Post negotiation Pakistan's secured a 19% US tariff. Pakistan matches competitors like Vietnam, Cambodia, Sri Lanka and Bangladesh while India faces a higher 25% tariff. India's economic advantages such as subsidies and low business cost offset this 6% gap. Indian exporter can easily absorb the 6% difference.

During the financial year under review, the government promulgated "Off the Grid (Captive Power Plants) Levy Act, 2025" whereby Captive Power Levy was imposed on supply of natural gas to Captive Power Producer which made use of natural gas non-feasible for generation of electricity, hence all textile mills moved on WAPDA. Furthermore, SNGPL raised arrears on account of OGRA's RLNG Cost Actualization, dating back to FY 2015-16. The matter has been held in abeyance by SNGPL at the request of APTMA.

Keeping in view of current economic scenario, management of your company has been acting proactively to reduce controllable costs. Your Company is focusing on cheaper source of electricity generation available in market with minimal financial cost. In pursuance thereof, your Company has commissioned solar project having rated capacity of 932 KW during the period under review totaling to 2776 KW in aggregate.

The Company has chalked out CAPEX/BMR plan of approximately Rs. 750 million for construction of go-down, purchase of looms, sizing unit and other machinery. For the desired purpose, the Company has applied long term loans of Rs. 660 million to the banks which are under process of finalization. Proposed plan is likely to increase revenue & profitability of the Company.

### **CORPORATE GOVERNANCE**

The directors of your company state further that:

- 1-The financial statements, prepared by the management of the company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- 2-Proper books of account of the listed company have been maintained.

- 3-Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- 4-International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departure there from has been adequately disclosed and explained.
- 5-The system of internal control is sound in design and has been effectively implemented and monitored
- 6-There are no significant doubts upon the listed company's ability to continue as a going concern.
- 7-There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.
- 8-Outstanding duties and taxes, if any, have been disclosed in the financial statements.
- 9-We have an Audit Committee, the members of which are from the Board of Directors and the Chairman is an independent director.
- 10-The Board has adopted a Mission Statement and a Statement of Overall Corporate Strategy.
- 11-The Company's Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 is attached.

### **AUDITORS**

The present statutory auditors M/s Yousuf Adil, Chartered Accountants, retire, being eligible, offer themselves for re-appointment. Due to closure of Multan office by Yousuf Adil, the board, on recommendation of the Audit Committee, recommends appointment of M/s Crowe Hussain Chaudhry & Co., Chartered Accountants, as statutory auditors of the Company for a period of one year till the conclusion of next Annual General Meeting at a remuneration to be decided with the mutual consent of CEO & the auditors.e.

## **PATTERN OF SHAREHOLDING**

Pattern of holding of shares by the shareholders of the Company as on June 30, 2025 is enclosed.

## **DIVIDEND**

In view of the financial performance of the Company. The Board of Directors recommended to pay \_\_\_\_\_ dividend for the financial year ended June 30, 2025.

## **ACKNOWLEDGMENT**

Your Directors place on record their deep appreciation for the efforts made by the workers and staff of the Company for their deep devotion to their work. Your Directors would also like to express their thanks to the Shareholders and Financial Institutions, especially Bank Al Habib Ltd, National Bank of Pakistan, Soneri Bank Ltd, Allied Bank Ltd, Bank Al Falah Ltd and Dubai Islamic Bank Pakistan Ltd for their support and assistance.

ڈائر یکٹرز کاتر بیتی پروگرام

۔ سمپنی کے تین ڈائر یکٹرز کوان کی تعلیم کی سطح اور CCG میں فراہم کردہ تجربے کی طوالت کی بنیاد پر ڈائر یکٹرزٹریننگ پروگرام سےاستثیٰ حاصل ہے۔

اندرونی کنٹرول سٹم

ایک اندرونی کنٹرول سٹم کو معقول یقین دہانی فراہم کرنے کے لیے ڈیزائن کیا گیا ہے کہ کمپنی پالیسیوں، قوانین، اپنے وسائل کے موثر استعال اور شیح افراد کو بروقت معلومات کی فراہمی کویقینی بناتی ہے۔ آپ کا انتظام تمام قابل اطلاق معیارات اور ضوابط کی تعیل کرنے پرزیادہ توجہ مرکوز کرتا ہے اور اس طرح کی تعیل کی با قاعد گی سے نگرانی کی جاتی ہے۔ مزید کہی بھی عدم تعیل کی بروقت اطلاع دی جاتی ہے اور ضرورت پڑنے پراصلاح کی جاتی ہے۔

# کار پوریٹ ساجی ذمہ داریاں اور ماحولیاتی گلہداشت

کا خیال ہے کہ محفوظ جمعت منداور آرام دہ ماحولیاتی حالات معیاری پیداوار کے لیے ریڑھی ہڈی کی حیثیت رکھتے ہیں۔ہم کارپوریٹ ساجی فر مدداریوں اوراپنی روزمرہ کی کاروباری سرگرمیوں میں اچھے ساجی طریقوں کومر بوط کرنے کے لیے بھی پرعزم ہیں۔ہم اپنی کامیابی کی پیائش نہصرف مالیاتی معیارات کے لحاظ سے کرتے ہیں بلکہ صارفین کی اطمینان پیدا کرنے اور ہمارے یاس موجود کمیوٹیز کوسپورٹ کرنے میں بھی

لہذا،ایک روایتی اصول کےطور پر،ہم اپنے عملے کوسیسڈی کے نرخوں پر سلسل معیاری خوراک فراہم کررہے ہیں، ملاز مین اورمقامی آبادی کے لیے مفت میڈیکل کیمیس کا انعقاد کیا جاتا ہے، عملے کے ہونہار بچوں کووظا کف فراہم کیے جاتے ہیں اور کھیلوں کے ٹورنامنٹس،افطاری جیسی خصوصی

تقریبات کاانعقاد کیاجا تا ہے۔عملے اور قوم کی بہتری کے لیے درخت لگانے کی مہم وغیرہ۔

# مستقبل كاآؤك لك

ملک کے اعلیٰ سرکاری قرضے، آمدنی کے تناسب سے زیادہ سود، اور کم سود کے ذخائر کی کورنج معیشت کوعالمی شرح سود میں اضافے اور توانائی کی بلندعالمی قیمتوں کے لیے خطرے میں ڈال دیتی ہے۔اس طرح کے جھٹے سرمائے کے اخراج، کرنبی کی قدر میں کمی، اور کریڈٹ کی کی کا باعث بن سکتے ہیں جو کہ حکومتی قرضوں کو پڑتے کرنے کی حکومت کی صلاحیت کوخطرے میں ڈال سکتا ہے۔مزید برآں، تجارتی نقطہ نظر کو کئی خطرات کا سامنا ہے، بشمول حالیہ محصولات اور جغرافیائی سیاسی کشیدگی کے نتیجے میں کمزور عالمی مانگ ۔ توقع ہے کہ صورتحال ٹیکسٹائل انڈسٹری کے لیے بڑے پیانے براور کمپنی کے لیے بھی چیلجنگ رہے گی۔

مالی سال2025 میں پاکستان کی ٹیکسٹائل کی برآ مدات1887 بلین امریکی ڈالریک پہنچ گئیں، جو پچھلے سال کے مقابلے میں 7.39 فیصد زیادہ ہے۔اس ترقی میں کلیدی شراکت داروں میں شامل ہیں:

13.68 فيصد برُه هَرنتُ ويبرُ كي برآيدات5.01 بلين وْالرتك بِينْجِ كَئين \_

بيُّهُ و ئير کي برآ مدات ميں11.07 فيصداضا فيه11.1 بلين ڈالرتك بينج گيا۔

ريُّدى ميدٌ ملبوسات مين بھي 15.85 فيصد كاخاطرخواه اضافية واجو13.3 بلين ڈالرتك بينج گيا۔

جبدويليوايْدُرُ تَجْمُنْس نےمضبوط کارکردگی دکھائی،روایتی زمرے جیسے سوتی کیڑے اور سوتی دھاگے میں کمی آئی:

سوتی کیڑے کی برآ مدات3.05 فیصد کم ہوکر1.81 بلین امریکی ڈالر ہوگئیں۔

سوتی دھاگے کی برآ مدات28.76 فیصد کم ہوکر680.7 ملین امریکی ڈالرنگ پہنچ گئیں۔

ندا کرات کے بعد پاکتان نے19 فیصدامریکی ٹیرف حاصل کرلیا۔ پاکتان ویتنام، کمبوڈیا،سری لٹکا اور بٹگددیش جیسے حیفوں سے پیچ کرتا ہے جبکہ بھارت کو25 فیصد زیادہ ٹیرف کا سامنا کرنا پڑتا ہے۔ ہندوستان کے معاثی فوائد جیسے سبسڈی اور کم کاروباری لاگت اس% 6 فرق کو پورا کرتی ہے۔ ہندوستانی برآ مدکنندہ آ سانی سے 6 ہ فرق کوجذب کرسکتا ہے۔

زیرنظر مالی سال کے دوران، حکومت نے " آف دی گرڈ (کیپٹیو یا ور پلانٹس) لیوی ایٹ، "2025 نافذ کیا جس کے تحت کیپٹیو یا ور پروڈیوسرز کوقد رتی گیس کی فراہمی پر کپٹو یا ور لیوی نافذ کیا گیا جس نے قدرتی گیس کا استعال بجلی کی پیداوار کے لیے غیرممکن بنادیا، اس لیے تمام ٹیکسٹائل ملیں واپڈ اپر ننتقل ہو گئیں۔مزید برآں، ایس این جی پی ایل پی ایل نے مالی سال 16-2015 کے دوران اوگرا کی آرایل این جی لاگت ایک کپوئلا ئزیشن کی وجہ سے بقایا جات میں اضافہ کیا۔ اپٹا کی درخواست پر ایس این جی پی ایل نے معاملہ التوامیس رکھا ہوا ہے۔

موجودہ معاشی منظرنا مے کو مد نظرر کھتے ہوئے، آپ کی کمپنی کی انتظامیہ قابل کنٹرول اخراجات کو کم کرنے کے لیے فعال طور پر کام کررہی ہے۔ آپ کی کمپنی کم سے کم مالی لاگت کے ساتھ مارکیٹ میں دستیا ہے پیدا کرنے کے ستے ذرائع پر توجہ مرکوز کررہی ہے۔ اس کی تعاقب میں، آپ کی کمپنی نے زیر جائزہ مدت کے دوران 932KW کی درجہ بندی کی صلاحیت کے ساتھ مجموعی طور پر 2776KW میٹس پر وجیکٹ شروع کیا ہے۔

کمپنی نے تقریباً روپے کا BMR/CAPEX منصوبہ تیار کیا ہے۔ گوڈاون کی تغمیر، لومز کی خریداری، سائزنگ یونٹ اور دیگرمشینری کے لیے750 ملین ۔ مطلوبہ مقصد کے لیے، کمپنی نے روپے کے طویل مدتی قرضوں کا اطلاق کیا ہے۔ بینکوں کو 6600 ملین روپے دیے گئے جن کو حتمی شکل دینے کاعمل جاری ہے۔ مجوزہ پلان سے کمپنی کی آمدنی اور منافع میں اضافہ ہونے کا امکان ہے۔

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF AHMAD HASSAN TEXTILE MILLS LIMITED REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **Ahmad Hassan Textile Mills Limited** (the Company) for the year ended June 30, 2025 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2025.

# **INDEPENDENT AUDITOR'S REPORT**

# To the members of Ahmad Hassan Textile Mills Limited

# Report on the Audit of the Financial Statements

# **Opinion**

We have audited the annexed financial statements of Ahmad Hassan Textile Mills Limited (the Company) which comprise the statement of financial position as at June 30, 2025, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements including a summary of Material accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2025 and of the profit and its comprehensive income, changes in equity and its cash flows for the year then ended.

# **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

| Key audit matter   | How the matter was addressed in our audit   |
|--|---|
| 1.Revenue recognition  |   |
| The Company is engaged in manufacturing and sale of fabrics. Reve nue recognition policy has been explained in note 4.4.12 and the related | Our audit procedures to address the Key Audit Matter included the following:          |
| amounts of revenue recognized during the year are disclosed in note 32 to the financial statements.  | Obtained an understanding of revenue from customers and assessing the design and      |
| The Company generates revenue from sale of goods to domestic as well as export customers.  | implementation and operating effectiveness of controls around recognition of revenue; |

Revenue from the sale is recognized, when control of goods is transferred to the customer and the performance obligation is satisfied.

We identified revenue re cognition as key audit matter since it is one of the key performance indicators of the Company and because of the potential risk that revenue transactions may not have been recognized on point in time basis i.e. when control of goods is transferred to the customer, in line with the accounting policy adopted and may not have been reqognized in the appropriate period.

- Assessed the appropriateness of the Company's accounting policies for revenue recognition in light of IFRS -15 'Revenue from contracts with customer.
- Checked on a sample basis whether the recorded sales transactions were based on transfer of goods to the customer, satisfying the performance obligation and were recorded in the appropriate accounting period; and
- Testing timeliness of revenue recognition by comparing indiv idual sales transaction before and after the year end to underlying documents.

# Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We are nothing to report in this regard.

# Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on
  audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast
  significant doubt on the Company's ability to continue as a going concern. If we conclude that a material
  uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the
  financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on
  the audit evidence obtained up to date of our auditor's report. However, future events or conditions may cause
  the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Rana M. Usman Khan.

# NOTES OF AND FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2025

#### 1. GENERAL INFORMATION

1.1 Ahmad Hassan Textile Mills Limited (the Company) was incorporated in Pakistan on December 03, 1989 as a Public Limited Company under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017). Its shares are quoted on Pakistan Stock Exchange Limited. The Company is principally engaged in the manufacturing and sale of fabric. Registered / Head office of the Company is situated at 46-Hassan Parwana Colony, Multan, while the mill of the Company is located at M.M. Road, Chowk Sarwar Shaheed, District Muzaffargarh having area of 83 Kanals and 04 Marlas.

# 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

# 3. Adoption of new and revised accounting standards

The following amendments to existing standards have been published that are applicable to the Company's financial statements covering annual periods, beginning on or after the following dates:

## 3.1 New amendments that are effective for the year ended June 30, 2025

The following amendments are effective for the year ended June 30, 2025. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

Amendments to IFRS 16 'Leases' -Clarification on how seller-lessee subsequently measures sale and leaseback transactions

Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or noncurrent along with Non-current liabilities with Convenants

Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instruments disclosures' - Supplier Finance Arrangements

## 3.2 Standard and amendments to IFRS that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

|   | period beginning on or after |
|---|------------------------------|
| Amendments to IAS 21 'The Effects of Changes in Foreign     |                              |
| Exchange Rates' - Clarification on how entity accounts when | January 01, 2025             |
| there is long term lack of Exchangeability                  |                              |
| IFRS 17 – Insurance Contracts (including the June 2020 and  | January 04, 2020             |

Annual Improvements to IFRS Accounting Standards (related to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7)

January 1, 2026

Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Contracts Referencing

January 01, 2026

Nature-dependent Electricity

# 3.2.1 Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures

### 3.3 Material significant estimates

The preparation of financial statements in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and future periods, if the revision affects both current and future periods.

Significant areas requiring the use of management estimates in these financial statements relate to the revaluation of certain item of property, plant and equipment, useful life of depreciable assets, employee retirement benefits, provision for doubtful receivables and taxation.

However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

# 4. MATERIAL ACCOUNTING POLICIES INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been consistently applied to all the years presented, unless otherwise stated.

# 4.1 Basis of measurement

These financial statements have been prepared under historical cost convention except indicated in note 4.4.1, 4.4.5.1 and 4.4.17.

### 4.2 Functional and presentation currency

The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

# 4.3 Critical judgements and accounting estimates in applying the accounting policies

The preparation of financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under circumstances, the results of which form the basis of making the judgement about carrying values of assets and liabilities that are not readily apparent from other resources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on the ongoing basis. Revisions to accounting estimates are recognized in the period in which estimate is revised if the revision affects only that period, or in the period of revision and future period if the revision affects both current and future periods.

In preparing these financial statements, the significant judgement made by the management in applying accounting policies include:

- Useful lives of property plant and equipment (notes 4.4.1)
- Provision for staff retirement benefits (notes 4.4.10)
- Provision for taxation (notes 4.4.9 and 30)
- Revaluation of property, plant and equipment (notes 4.4.1 and 5.5)
- Provision for trade debts under expected credit loss model (note 4.4.5.1)
- Provision for loans and advances to suppliers (note 11)

# 4.4 Summary of accounting policies

# 4.4.1 Property, plant and equipment

Property, plant and equipment except freehold land, building on freehold land, plant and machinery, generator and electric fittings and installations and capital work-in-progress are stated at cost less accumulated depreciation and impairment losses, if any.

Freehold land, building on freehold land, plant and machinery, generator and electric fittings and installations are stated at revalued amount being the fair value at the date of revaluation, less any subsequent accumulated depreciation and impairment losses, if any. Revaluations are performed with sufficient regularity so that the fair value and carrying value do not differ materially at the statement of financial position date. Any revaluation increase arising on the revaluation of such asset is credited in 'Surplus on revaluation of property, plant and equipment'. A decrease in the carrying amount arising on revaluation is charged to profit or loss to the extent that it exceeds the balance, if any, held in the surplus on revaluation account relating to previously revalued assets.

To the extent of incremental depreciation charged on revalued assets, the related surplus on revaluation (net of deferred tax) is transferred directly to retained earnings/unappropriated profit. Depreciation on property, plant and equipment, except freehold land and capital work-in-progress, is charged to statement of profit or loss applying reducing balance method over the estimated useful lives of the assets at the rates shown in note 5.1 to the financial statements.

In respect of additions and disposals during the year , depreciation is charged from the month when assets is available for use and ceased from the month of disposal, to the statement of profit or loss applying the reducing balance method. Gains and losses on disposal of property, plant and equipment if any, are recognized in statement of profit or loss, as and when incurred. Assets are derecognized when disposed or when no future economic benefits are expected from its use or disposal.

Maintenance and normal repairs are charged to statement of profit or loss as and when incurred. Major renewals and improvements are capitalized.

# 4.4.2 Right-of-use assets and lease liabilities

Leases are recognized as right-of-use assets and corresponding liabilities at the date at which the leased assets are available for use by the company.

The lease liabilities are initially measured at the present value of the minimum lease payments at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. At initial recognition, liabilities were discounted using the Company's incremental borrowing rate. Lease payment includes fixed payments with annual increments.

The lease liabilities are subsequently measured at amortized cost using the effective interest rate.

Right-of-use assets are initially measured based on the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use assets are depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The carrying amount of the right-of-use asset is reduced by impairment losses, if any. At transition, the Company recognized right of use assets equal to the present value of lease payments.

# 4.4.3 Capital work in progress

Capital work-in-progress (CWIP) is stated at cost less any recognized impairment loss. All expenditures connected to the specific assets incurred during installation and construction period are carried under CWIP. These are transferred to specific assets as and when assets are ready for their intended use.

# 4.4.4 Impairment of non-financial assets

The Company assesses at each statement of financial position date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amount and the resulting impairment loss is recognized in statement of profit or loss. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the assets is increased to the revised recoverable amount but limited to the extent of carrying amount that would have been determined had no impairment loss been recognized in prior periods. Reversal of impairment loss is recognized as income.

# 4.4.5 Financial Instruments

Financial assets and financial liabilities are recognized in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit or loss.

## 4.4.5.1 Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are measured subsequently in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

### Classification of financial assets

### a) Debt instruments measured at amortized cost

Debt instruments that meet the following conditions are measured subsequently at amortized cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## Amortized cost and effective interest method

The amortized cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortization using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortized cost of a financial asset before adjusting for any loss allowance.

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset.

As at reporting date, the Company carries cash and cash equivalents and trade debts at amortized cost.

b) Debt instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments that meet specified conditions and are measured subsequently at fair value

through other comprehensive income (FVTOCI).

As at reporting date, the Company does not hold any debt instrument classified as at FVTOCI.

c) Equity instruments designated as at FVTOCI

On initial recognition, the Company may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. As at reporting date, the Company does not hold any equity instrument classified as at FVTOCI.

d) Financial assets measured subsequently at fair value through profit or loss (FVTPL)

By default,  $_{\rm all}$  other financial assets are measured subsequently at fair value through profit or loss (FVTPL).

As at reporting date, the Company does not hold any equity instrument classified as at FVTPL.

### Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses(ECL) on financial assets that are measured at amortized cost , as well as on financial guarantee contracts. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognizes lifetime ECL for trade debts. For all other financial instruments, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date. IFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward looking information. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

### Definition of default:

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the trade debts are unlikely to pay its trade payables, including the Company, in full (without taking into account any collateral held by the Company).

# Write - off policy

The Company writes off financial assets when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. Financial assets written off may still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made against financial assets written-off are recognized in statement of profit or loss.

# Derecognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in statement of profit or loss.

### 4.4.5.2 Financial liabilities

# Subsequent measurement of financial liabilities

Financial liabilities that are not

- contingent consideration of an acquirer in a business combination,
- held-for-trading, or
- designated as at FVTPL.

are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

# 4.4.5.3 Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in statement of profit or loss.

### 4.4.5.4 Off setting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount reported in the statement of financial position, if the Company has a current legal enforceable right to set off the recognized amount and the Company also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

# 4.4.6 Stores and spares

These are valued at lower of cost and net realizable value, determined on moving average cost less allowance for obsolete and slow moving items. Items in transit are valued at invoice values plus other charges incurred thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### 4.4.7 Stock in trade

These are valued at lower of cost and net realizable value. Cost is determined as:

Raw material Weighted average cost.

Material in transit Cost accumulated up to statement of financial position date.

Work in process Average manufacturing cost. Finished goods Average manufacturing cost.

Waste Net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less estimated costs of completion and estimated cost necessary to be incurred to effect such sale.

# 4.4.8 Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and balances with banks.

# 4.4.9 Taxation / Revenue Taxes / Final Taxes

### Current

Charge for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates available, if any, as per Income Tax Ordinance, 2001.

### Revenue Taxes

Revenue taxes includes amount representing excess of :

a)minimum tax paid under section 113 over income tax determined on income streams taxable at general rate of taxation and;

b)minimum tax withheld / collected / paid or computed over tax liability computed on (related income tax streams

taxable at general rate of tax), is not adjustable against tax liability of subsequent tax years.

Amount over income tax determined on income streams taxable at general rate of taxation shall be treated as revenue taxes.

A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e. laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

In these financial statements, levy includes minimum taxes differential, if any, final taxes and super taxes which are calculated on a basis other than taxable profits. The corresponding advance tax paid, except for minimum taxes under section 113, which are treated as levy are recognised as prepaid assets.

### Final Taxes

Final taxes includes tax charged / withheld / paid on certain income streams under various provisions of Income Tax Ordinance, 2001 (Ordinance). Final tax is charged / computed under the Ordinance, without reference to income chargeable to tax at the general rate of tax and final tax computed / withheld or paid for a tax year is construed as final tax liability for the related stream of Income under the Ordinance.

Final tax paid is considered to be full and final discharge of the tax liability for the Company for a tax year related to that income stream.

### Deferred

Deferred tax is provided using the liability method for all temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes after considering, the average enacted tax rate.

Deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized. Deferred tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the statement of financial position date.

# 4.4.10 Staff retirement benefits

### Defined benefit plan

The Company operates an unfunded gratuity scheme covering all its employees. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation. Actuarial gains and losses are recognized immediately as they arise in other comprehensive income. Past service cost is recognized immediately to the extent that the benefits are already vested. Otherwise it is amortized on a straight line basis over the average period until the amended benefits become vested.

Details of the scheme are given in the note 24.1 to these financial statements.

# 4.4.11 Revenue recognition

Revenue from contracts with customers is recognized at the point in time when the performance obligation is satisfied i.e. control of goods is transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled to in exchange for those goods.

# 4.4.12 Government Grant

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions. Government grants relating to costs are deferred and recognized in the profit or loss over the period necessary to match them with the costs that they are intended to compensate. Government grants relating to the refinance scheme are included in noncurrent liabilities as deferred income and are credited to profit or loss on a straight-line basis over the tenure of the loan.

# 4.4.13 Foreign currency translation

Transactions in foreign currencies are translated at the rates of exchange prevailing on the dates of the transactions. At each statement of financial position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the statement of financial position date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used. Gains and losses arising on retranslation are included in profit or loss for the period.

# 4.4.14 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalized as part of the cost of the respective assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are charged to statement of profit or loss in the period in which they are incurred.

# 4.4.15 Dividend

Dividend distribution to the Company's shareholders is recognized as a liability in the financial statements in the period in which the dividends are approved by the Company's shareholders.

# 4.4.16 Trade and other payables

Liabilities for trade and other payable are carried at cost which is the amortized cost of consideration to be paid in future for goods and services received whether billed to the Company or not.

# 4.4.17 Provisions

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed periodically and adjusted to reflect the current best estimate.

# 4.4.18 Earnings per share

The Company presents basic and diluted earnings per shares (EPS). Basic EPS is calculated by dividing the profit or loss attributable to share holders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to share holders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

PROPERTY, PLANT AND EQUIPMENT

|  |                          | %                                      |       |                 | 1                          | ις τ               | _                      |                       | 2                   | 2                  | 10                     | 2                 | 10                | 10               | 10                 | 10                   |                         |           |                    | 20         |             | 1               | ı           |                          | - 20<br>-  | 1                         |

5.5 At March 01, 2025, freehold land, building on freehold land and plant and machinery including generator of the Company were revalued by K.G.T (Private) Limited, an independent valuer, and are stated at market value.

# Freehold land and building on free hold land

Fair market value of the land was assessed through inquiries from various estate agents, brokers and builders / developers and keeping in view the location of the property, its size, status, utilization, cost of new construction, construction standard, depreciation cost factor, state of infrastructure and current trends in prices of real estate in the vicinity of the property.

### Plant and machinery including generator

Fair market value of the plant and machinery including generator was assessed through inquiries of local authorized dealers who deal in old and new similar type of plant and machineries. Replacement value was then ascertained from competitive rates of the plant and machinery and thereafter, an average depreciation factor was applied on the replacement value of the plant and machinery.

**5.6** Forced sale value of the above items of property, plant and equipment is as follows:

| Freehold land                           | 93,105,600    |
|---|---------------|
| Building on freehold land               | 341,616,700   |
| Plant and machinery including generator | 1,461,664,250 |
|   | 1,896,386,550 |

5.7 Had there been no revaluation the related figures of freehold land, building on freehold land and plant and machinery as at the statement of financial position date would have been as follows;

|                           | 2025          | 2024          |

- **10.1** Export trade debts are realized on early discounting or retirement of letter of credits (LCs) upon 90-120 days. All outstanding LCs are through irrevocable and confirmed LCs.
- 10.2 Local trade debts are non-interest bearing and are generally on 61 to 89 day terms.
- 10.3 Local trade debts include debtors with a carrying amount of Rs.12.84 million (2024:Rs.11.60 million) which are past due at the reporting date but not impaired as there has not been any significant change in credit quality and the amounts are still considered recoverable.

### Average duration of liability

As per actuarial valuation carried out as at June 30, 2025 by TRT Associates using Projected Unit Credit Method, the following significant assumptions have been used for valuation of defined

0005

benefit obligation of the Company:

|   |  | 2025             |
|---|--|------------------|
| - | Discount rate                                | 11.75%           |
| - | Expected increase in eligible salary         | 10.75%           |
| - | Average expected remaining working life time | 6 years          |
| _ | Mortality rate                               | SLIC (2001-2005) |

# **Expected expense for the next year**

The expected expense to the gratuity scheme for the next year works out to Rs. 22.20 million.

If the discount rate is 100 basis points higher / (lower), the defined benefit obligation would decrease to Rs. 21.35 million / (increase to Rs. 24.07 million).

If the expected rate of salary increases / (decreases) by 100 basis points, the defined benefit obligation would increase to Rs. 24.11 million / (decrease to Rs. 21.32 million).

Furthermore in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation recognized in the statement of financial position.

# The gratuiy scheme exposes the Company to the following risks:

Interest rate risk : The present value of the defined benefit liability is calculated using a discount rate determined by reference to the market yields at the end of the reporting period on high quality corporate bonds, or where there is no deep market in such bonds, by reference to market yields on government bonds. Currencies and terms of bond yields used must be consistent with the currency and estimated term of the post-employment benefit obligations being discounted. A decrease in bond interest rates will increase the liability, and vice versa.

Salary risk: The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the liability and vice versa.

Withdrawal rate risk: The present value of the defined benefit liability is calculated by reference to the best estimate of the withdrawal rate / attrition rate of plan participants. As such, an increase in the withdrawal rate may increase/decrease the liability and vice versa depending on the age-service distribution of the exiting employees.

Mortality rate risk: The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants during employment. An improvement in the mortality rates of the participants may increase/decrease the liability and vice versa depending on the age-service distribution of the exiting employees.

# 29. GAS INFRASTRUCTURE DEVELOPMENT CESS (GIDC)

On August 13, 2020, the Supreme Court of Pakistan (SCP) through its order declared GIDC Act an intra vires to the constitution and directed all the industrial and commercial entities to pay the Cess that have become due up to July 31, 2020. However, as a concession, the same was allowed to be recovered in twenty four equal monthly installments started from September 01, 2020.

# 30. PROVISION FOR TAXATION

|                             | 30.1 , 30.2 | 71,510,746 | 62,831,865 |

30.1 The Deputy Commissioner Inland Revenue, Multan passed an order dated June 30, 2017 under section 121(1)(d) of the Income Tax Ordinance, 2001 raising demand of Rs. 285.655 million for tax year 2011. The Company filed an appeal with the Commissioner Inland Revenue-Appeals, Multan contending that the impugned order was barred by time limitation and was made ex-parte on the same date as the date of receipt of show cause notice. The CIR-Appeals annulled the impugned order and decided the case in favor of the Company through its order dated October 31, 2017. However, the Commissioner Inland Revenue (Multan Zone) filed an appeal with the Appellate Tribunal Inland Revenue Lahore in February, 2018. The appeal is pending for adjudication and the Company expects favorable outcome hence, no provision has been made in these financial statements.

30.2 In 2019, the Additional Commissioner Inland Revenue passed an order for the tax year 2012 under section 122(5A) of the Income Tax Ordinance, 2001 and raised a demand of Rs. 3.743 million by disallowing the claim of tax credit under section 65B of the Income Tax Ordinance, 2001 (the Ordinance) against the minimum and final tax liabilities of the Company and difference in apportionment of expenses of local and export sales. The Company filed an appeal with the Commissioner Inland Revenue (Appeals) dated May 14, 2018. The Commissioner Inland Revenue (Appeals) decided the case against the Company vide his order dated March 01, 2019. The Company preferred an appeal with the Appellate Tribunal Inland Revenue, Lahore(ATIR). In 2020, the ATIR allowed the Appeal of the Company to the extent of the tax credit under section 65B of the Ordinance vide his order dated May 01, 2020. In 2020, the Commissioner Inland Revenue preferred an appeal with the High Court, which is pending adjudication. The Company expects favorable outcome, hence, no provision has been made in these financial statements.

# 31. CONTINGENCIES AND COMMITMENTS

# 31.1 Contingencies

- (i) In 2022, the Excise and Taxation Department Karachi imposed infrastructure cess/excise duty of Rs. 7.153 million on account of machinery imported by the Company. The Company filed a suit in Sindh High Court (SHC), Karachi against said levy. In 2013, on the basis of interim order passed by SHC, a bank guarantee amounting to Rs. 3.576 million had been given by the Ahmad Hassan Spinning Limited in favor of the Director Excise and Taxation, Karachi. The spinning segment of the Company had also paid a demand draft of Rs. 3.576 million (50% of the disputed amount) to Excise and Taxation Department, which had been booked as 'Other receivable'. 'In another similar case, the Company had given a bank guarantee of Rs. 7.200 million (2024: Rs. 7.200 million) to the Director Excise and Taxation, Karachi against disputed amount of infrastructure cess for release of imported goods. After demerger, the contingent liability of the Company works out to Rs. 4.016 million (2024: Rs. 4.016 million). The decision of SHC is pending and Company expects favorable decision hence, not accounted for any liability in this regard.
- (ii) In 2018, the Deputy Commissioner (DC) Punjab Revenue Authority issued a notice to the Company to explain the short deduction and deposit of Sales Tax on Services for the period from March 2015 to June 2016. The notice concerned an impugned amount of Rs. 25.427 million. The Company explained the matter to the DC contesting that the notice was based on assumptions only. The DC did not accept the arguments of the Company. The Company in 2018 challenged the notice in Lahore High Court which provided interim relief by suspending the notice of PRA. The Company expects that the impugned notice shall be withdrawn and hence has not accounted for any liability in these financial statements in this regard.
- In 2019, the Deputy Commissioner Inland Revenue (DCIR) issued a show cause notice to the (iii) Company regarding evasion of sales tax, further tax and undue adjustment of inadmissible input tax on account of sales/purchases from unregistered/blacklisted persons during the period from 2013 to 2016. The Company contested the case through its legal counsel. However, dissatisfied with the reply and evidences provided by the Company, the DCIR made order against the Company to raise a demand of Sales tax and further tax amounting to Rs. 1.983 million as well as penalty of Rs. 0.108 million. The Company did not accept the order and filed an appeal with the Commissioner Inland Revenue (Appeals) dated January 11, 2019 which is pending adjudication. Moreover, in order to prevent the recovery of disputed amount by FBR, the Company also paid Rs. 0.198 million being 10% of the raised demand as per section 140 of the Income Tax Ordinance, 2001. This amount is classified in 'Other receivables'. The Commissioner Inland Revenue (Appeals) has decided the case in favor of the Company and impugned order has been anulled. However, the Commissioner Inland Revenue did not accept the order and filed an appeal with the Appellate Tribunal Inland Revenue which is pending at judication. After demerger, the contingent liability of the Company works out to Rs. 1.815 million (2024: Rs. 1.815 million). The Company expects favorable outcome and hence not accounted for any liability in these financial statements in this regard.

- During the 2023, the Deputy Commissioner Inland Revenue (DCIR) raised a demand Rs. 8.244 million regarding evasion of sales tax and further tax on account of supplies to unregistered/blacklisted person during the period from April 2017 to November 2018. The Company filed an appeal with the Commissioner Inland Revenue (CIR) (Appeals) which is decided in favour of the Company and the impugned order of the DCIR has been annulled by the CIR (Appeals). The Commissioner Inland Revenue filed an appeal with the Appellate Tribunal Inland Revenue, Lahore which is pending for adjudication. The Company expects favorable outcome and hence has not accounted for any liability in these financial statements in this regard.
- (v) In 2020, a show cause notice has been served by the Punjab Revenue Authority (PRA) on November 11, 2019 which raised the demand of Rs. 8.294 million in respect of non deposit of Sales Tax on Services for the period from July 2018 to June 2019. The proceedings are in process, while the Honorable Lahore High Court has extended an interim relief by directing that proceedings under the impugned show cause notice will continue, however, no final order shall be passed, till the reporting date. The Company has submitted written reply and no further notice has been received by the Company. The Company expects that the impugned notice shall be withdrawn and hence has not accounted for any liability in these financial statements in this regard.
- (vi) Refer to contents of the note 30.1 and note 30.2.

# 31.2 Commitments

- (i) The Company's commitments against capital expenditure as at June 30, 2025 amount to Rs. nil (2024; Rs. Nil).
- (ii) The Company's commitments other than capital expenditure; against letter of credit outstanding as at June 30, 2025 amount to Rs. 60.42 million (2024: Rs. Nil)
- (iii) As mentioned in note 7.2, bankers of the Company have given guarantees to SNGPL amounting to Rs. 77.715 million (2024: Rs. 77.715 million) on behalf of the Company.

## 45. FINANCIAL RISK MANAGEMENT

- **45.1** The Company has exposures to the following risks from its use of financial instruments:
  - Credit risk
  - Liquidity risk
  - Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

The Board of Directors (The Board) has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is responsible for developing and monitoring the Company's risk management policies.

### 45.2 Credit risk and concentration of credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of financial instruments or contracts are entered into with the same party, or when counter parties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Credit risk of the Company arises principally from the long term deposits, other financial assets, trade debts, loans and advances, other receivables and bank balances. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:

|                    | 2025        | 2024        |
|--------------------|-------------|-------------|
| Financial assets   | Rupees      | Rupees      |
| Trade debts        | 442,847,252 | 367,450,616 |
| Long term loans    | 15,448,012  | -           |
| Loans and advances | 10,936,121  | 6,250,383   |
| Long term deposits | 13,739,322  | 13,739,322  |
| Bank balances      | 22,200,458  | 8,011,078   |
| Other receivables  | 113,599     | 126,100     |
|                    | 505,284,764 | 395,577,499 |

# Counterparties

The Company conducts transactions with the following major counterparties:

- Trade debts, banks and other financial institutions.

The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

The Company's exposure is continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management annually.

# 45.2.1 Credit risk related to trade debts

Trade debts are essentially due from local and foreign customers against sale of yarn and fabrics and the Company does not expect these counterparties to fail to meet their obligations. The majority of sales to the Company's customers are made on specific terms. Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk management. Credit limits are established for all customers based on internal rating criteria.

Credit quality of the customer is assessed based on an extensive credit rating. Outstanding customer receivables are regularly monitored and any shipments to foreign customers are generally covered by letters of credit.

Trade debts are non-interest bearing and are generally on 61 to 89 days credit terms.

Local trade debts include debtors with a carrying amount of Rs. 12.84 million (2024: Rs. 11.60 million) which are past due at the reporting date but not impaired as there has not been any significant change in credit quality and the amounts are still considered recoverable.

|  | 2025       | 2024       |
|--|------------|------------|
|  | Rupees     | Rupees     |
| Aging of amounts neither past due not impaired |            |            |
| 90 - 180 days                                  | -          | 11,602,396 |
| 180 days and above                             | 12,846,591 | -          |
|  | 12,846,591 | 11,602,396 |

### Concentration of credit risk

Trade debts consist of a large number of diversified customers, spread across geographical areas. Ongoing credit evaluation is performed on the financial condition of trade debts and, where appropriate. The Company does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The Company defines counterparties as having similar characteristics if they are related entities.

### 45.2.2 Credit risk related to banks and other financial institutions

The Company limits its exposure to credit risk by only investing in highly liquid securities and only with counterparties that have a good credit rating. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations. The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit rating.

The credit rating of the banks in which the company has maintained its deposits is as follows:

| Name of bank                        | Dating Agency | Credit Rating |           |  |
|-------------------------------------|---------------|---------------|-----------|--|
| Name of bank                        | Rating Agency | Short Term    | Long Term |  |

## 45.3 Liquidity risk management

Liquidity risk reflects the Company's inability in raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of statement of financial position, liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual customer. The Company manages liquidity risk by maintaining adequate reserves and borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity of financial assets and liabilities.

# 45.3.1 Liquidity and interest risk table

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

|  | Weighted<br>Average<br>effective rate<br>of interest   | Maturity within<br>1 year                               | Maturity after<br>1 year       | Total   |

# 45.4 Market risk management

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.

# 45.4.1 Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's long term and short term debt obligations having floating interest rate.

## 45.4.2 Interest rate sensitivity

If interest rates had been 100 basis points higher / lower and all other variables were held constant, the Company's profit for the year ended June 30, 2025 would decrease / increase by Rs. 6.32 million (2024: Rs.10.77 million). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

# 45.4.3 Foreign exchange risk management

The Company is exposed to currency risk on trade debts which are denominated in currency other than the functional currency of the Company. The Company's exposure to foreign currency risk is as follows:

|             | 202        | 25               |        | 2024 |           |   |
|-------------|------------|------------------|--------|------|-----------|---|
|             | Rupees     | <b>US Dollar</b> | Rupees |      | US Dollar |   |
| Trade debts | 99,743,148 | 351,505          |        | -    |           |   |
|             | 99.743.148 | 351.505          |        | _    |           | _ |

The following US Dollar exchange rates were applied during the year:

|                                      | 2025   | 2024   |
|--------------------------------------|--------|--------|
|                                      | Rupees | Rupees |
| Average rate                         | 281.05 | 278.84 |
| Statement of financial position rate | 283.76 | 278.34 |

### 45.4.4 Foreign currency sensitivity analysis

At June 30, 2025, if the rupee had weakend/ strengthen by 10% against the US dollar with all other variable held constant, profit for the year would have lower/ higher by Rs. 9.974 million (2024: Rs. Nil million) mainly as a result of foreign exchange gains/ losses on translation of foreign currency trade debts.

### 45.4.5 Equity price risk management

The Company is exposed to equity price risks arising from equity investments. Equity investments are held for trading purpose.

## 45.4.6 Equity price sensitivity analysis

A 10% increase/decrease in share prices at year end would have decreased/increased the surplus on re-measurement of investments in 'other financial assets at fair value through profit or loss' as follows:

|                  | 2025      | 2024      |
|------------------|-----------|-----------|
|                  | Rupees    | Rupees    |
| Effect on equity | 1,625,000 | 2,823,296 |

The sensitivity analysis prepared is not necessarily indicative of the effects on profit/equity and assets of the Company.

### 45.5 Determination of fair values

### Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying values of all financial assets and liabilities reflected in financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

### 45.6 Fair value estimation

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: Inputs for asset or liability that are not based on observable market data (unobservable inputs).

## 45.6.1 Fair value of financial asset measured at fair value through profit or loss

The Company has only investment measured at fair value of Rs. 16.24 million (2024: Rs. 28.3 million) which is valued under level 1 and level 2 valuation method. The Company does not have any investment in level 3 category.

## 45.6.2 Fair value of non-financial assets

During the year, the Company has determined the fair value of land, building and plant including generators through independent valuer. The fair value measurement as at March 01, 2025 was performed by K.G.T (Private) Limited, independent valuer not connected to the Company. The valuer is listed on the panel of Pakistan Banks Association and they have proper qualification and experience in the fair value measurement of freehold land and building.

As there is no significant changes in the market conditions the Company has measured freehold land at fair value of Rs. 109.39 million (2024: 104.39 million) which is valued under level 2 valuation method.

|                            | Level 1 | Level 2       | Level 3 | Total         |
|----------------------------|---------|---------------|---------|---------------|
|                            |         | Rupees-       |         |               |
| As at June 30, 2025        |         |               |         |               |
| Freehold land              | -       | 109,536,000   | -       | 109,536,000   |
| Buildings on freehold land |         |               |         |               |
| - Factory                  | -       | 307,260,201   | -       | 307,260,201   |
| - Residential              | -       | 87,943,433    | -       | 87,943,433    |
| Plant and machinery        | -       | 1,770,024,357 | -       | 1,770,024,357 |
| As at June 30, 2024        |         |               |         |               |
| Freehold land              | -       | 104,394,550   | -       | 104,394,550   |
| Buildings on freehold land |         |               |         |               |
| - Factory                  | -       | 219,831,372   | -       | 219,831,372   |
| - Residential              | -       | 60,791,828    | -       | 60,791,828    |
| Plant and machinery        | -       | 1,209,432,654 | -       | 1,209,432,654 |

## 45.7 Financial instruments by category

The Company finances its operation through equity, borrowings and management of working capital with a view to maintaining an approximate mix between various sources of finance to minimize risk. Taken as a whole, the Company's risk arising from financial instruments is limited as there is no significant exposure to price and cash flow risk in respect of such instruments.

The accounting policies for financial instruments have been applied for line items below:

|  | 2025          | 2024          |
|--|---------------|---------------|
| Financial assets                           | Rupees        | Rupees        |
| At amortized cost                          |               |               |
| Trade debts                                | 442,847,252   | 367,450,616   |
| Long-term deposits                         | 13,739,322    | 13,739,322    |
| Other receivables                          | 113,599       | 126,100       |
| Cash and bank balances                     | 22,535,912    | 8,570,843     |
| At fair value through profit or loss       |               |               |
| Short term investment                      | 16,249,998    | 28,232,957    |
|  | 495,486,083   | 418,119,838   |
| Financial liabilities                      |               |               |
| At amortized cost                          |               |               |
| Trade and other payables                   | 795,782,436   | 701,604,685   |
| Current portion of non current liabilities | 129,667,482   | 161,857,896   |
| Short-term borrowings                      | 282,222,750   | 699,131,943   |
| Long-term loans                            | 208,019,971   | 194,602,173   |
| Unclaimed dividend                         | 4,110,591     | 4,110,591     |
| Accrued interest / mark-up                 | 18,446,832    | 32,172,464    |
| Lease liability                            | 12,161,063    | 21,032,552    |
|  | 1,450,411,125 | 1,814,512,304 |

# 46. REMUNERATION TO CHIEF EXECUTIVE OFFICER AND DIRECTOR

### Relationship with Shariah-compliant financial institutions:

The Company has relationships with shariah compliant banks in respect of bank balances.

## 49. CAPITAL MANAGEMENT

The Company objectives when managing are:

- to safeguard the Company's ability to continue as a going concern, so that the Company can continue to provide returns for shareholders and benefits for other stakeholders; and
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

Capital comprises all components of equity (i.e. share capital, reserves, unappropriated profit and surplus on revaluation of property, plant and equipment). The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders or issue new shares.

The debt-to-adjusted capital ratios at June 30, 2025 and June 30, 2024 were as follows:

|                                |      | 2025          | 2024          |
|--------------------------------|------|---------------|---------------|
|                                | Note | Rupees        | Rupees        |
| Total debts                    |      | 567,602,121   | 693,116,882   |
| Cash and cash equivalents      | 44   | 41,933,233    | 349,008,818   |
| Net debts                      |      | 609,535,354   | 1,042,125,700 |
| Total equity                   |      | 2,392,707,922 | 1,834,097,613 |
| Adjusted capital               |      | 3,002,243,276 | 2,876,223,313 |
| Debt-to-adjusted capital ratio |      | 20.30%        | 36.23%        |

# 50. PLANT CAPACITY AND ACTUAL PRODUCTION

|                                   |          | 2025       | 2024       |
|-----------------------------------|----------|------------|------------|
| Fabric                            |          |            |            |
| Number of looms installed         |          | 171        | 171        |
| Number of looms worked            |          | 159        | 159        |
| Installed capacity after          |          |            |            |
| conversion into 60 picks          | Sq Mtrs. | 59,824,309 | 59,824,309 |
| Actual production of fabric after |          |            |            |
| conversion into 60 picks          | Sq Mtrs. | 46,386,677 | 33,644,080 |

It is difficult to describe precisely the production capacity in Weaving Mills since it fluctuates widely depending on various factors such as quality and count of yarn and the width and construction of fabric woven etc. It also varies according to the pattern of production adopted in a particular year. Under utilization of capacities is due to various factors including availability of raw material and stoppages due to repair and maintenance.

# 51. TRANSACTIONS WITH RELATED PARTIES

Related parties comprise of key management personnel. The Company in the normal course of business carries out transactions with various related parties. Amounts due to directors are shown under-long term loans from related parties, as disclosed in note 20. Remuneration of key management personnel is disclosed in note 46. There are no other transactions with related parties.

## 52. NUMBER OF EMPLOYEES

The number of employees for the year ended June 30 were as follows:

|   |        | 2025 | 2024 |
|---|--------|------|------|
| Total number of employees                   | Number | 351  | 313  |
| Average number of employees during the year | Number | 332  | 314  |

# 53. DATE OF AUTHORIZATION OF FINANCIAL STATEMENTS

These financial statements were approved and authorized for issue on October 06, 2025 by the Board of Directors of the Company.

# 54. GENERAL

Figures have been rounded-off to the nearest rupee except stated otherwise.
